# Reconnect. Practice. Grow.

Learning doesn't stop when the class ends.

Our **Coaching Café** is a warm, interactive follow-up session created for past participants who want more time to reflect, practice, and strengthen the coaching skills they've been building. In this 90-minute virtual gathering, we'll reconnect as a community, revisit key ideas, and create space for meaningful practice in a supportive, low-pressure environment.

This is a chance to move beyond theory and continue growing your confidence in real conversations. Together, we'll explore how to apply what you learned, talk through real-life situations, and deepen your ability to coach with greater clarity, curiosity, and connection.

Whether you're looking to refresh your skills, build momentum, or simply stay connected to the learning, the **Coaching Café** is designed to support you.

Wednesday, May 12, 2026

1:00–2:30 PM Eastern
