Experience Human Coaching

A Person Centered Model

This course helps you shift from fixing problems to coaching people.

You'll learn how to:

- Replace judgment with curiosity so people feel known and respected
- Build trust and psychological safety through consistent conversations
- Support your team's critical thinking and ownership
- Use coaching to improve performance and reduce turnover

Why Experience Human Coaching?

80%

of employees who say they have received meaningful feedback in the past week are fully engaged.

Gallup 2024 Workplace Trends Report

Yet only 16% say their last conversation with their manager was meaningful.

Based on the latest workplace research and neuroscience, this program gives you a practical coaching framework to:

- **Connect more deeply with your people**
- **Build a foundation of trust**
- **Coach to a higher level of performance**
- **Engage and retain your team for the long term**

**We help you have meaningful
conversations that drive
engagement and retention.**
